

DENTAL HEALTH ADVANTAGE

Includes 100% of your preventive care-cleanings, x-rays, checkup exams – with no out of pocket costs. Making it affordable and easy to keep up with your preventive visits to maintain your optimal dental health.

Membership is a simple agreement between you and your DenVantage participating office. There is no third party involved, no claims to fill out and no worries about whether your claim will be approved. We eliminate the unknowns you'd have with dental insurance.

You know what your benefits are and bottom line cost before you start treatment. This membership will save you money. Even if all you need are your regular cleanings, x-rays and exams.
